

Appl. No. 10/064,517
Amdt. dated May 23, 2005
Reply to Office action of February 23, 2005

REMARKS

1. Amendments to the claims:

5 Claim 1 is amended to include all limitations of claim 3 which
has been found by the Examiner to contain allowable subject matter.
Accordingly claim 3 is cancelled. Claims 4, 5, 8, and 9 are amended
to correct dependency. Claim 6 is cancelled without prejudice
or disclaimer to the merits thereof to avoid contradiction with
10 the amended claim 1.

Allowance of all remaining claims is respectfully requested.

2. Rejection of claims 1, 2, 6, and 7 under 35 U.S.C. 103(a) as
15 **being unpatentable over Tran (US 6,202,060):**

The applicant does not fully agree that Tran could be readily
modified to achieve the invention as originally claimed. Tran's
LCD display 35 is an integral part of the computer system 10
20 whereas the wireless display device 52 is more of a supplementary
component. Equally important, Tran is silent on the nature of
a supporting body that could support the wireless display device
52 while providing the internal signal connections for wired and
wireless computer and TV signals.

25 Nevertheless, this rejection is now moot in view of the amendments
to claim 1.
